HERE WE GO AGAIN!

Rehearsals have begun for our 2020 blockbuster!

The warmer months wouldn't be the same without the Encore team assembling a diverse and talented team to work on Encore's exciting March offering of a big-name Broadway musical for the Princess Theatre stage.

Mamma Mia! is the 2001 international phenomenon about a young woman's plot to uncover the identity of her father among three of her mother's former loves, all invited to her wedding on a Greek island. To be directed by Danny Gibson, choreographed by Michelle Withington and Musical Direction by Denise Sam and Michael Stocks, *Mamma Mia!* features music and lyrics by Benny Andersson and Björn Ulvaeus and some songs with Stig Anderson, with book by Catherine Johnson, *Mamma Mia!* was originally conceived by Judy Cramer.

ALADDIN FLIES IN

A Whole New World Awaits!

SHINING, SHIMMERING, SPLENDID. In August 2020, a whole new world awaits for the students of Stage Right Youth Theatre at the Princess Theatre.

To be Directed by Danny Gibson, Disney's *Aladdin JR.* is based on the 1992 Academy-Award®-winning film and the 2014 hit Broadway show about the "diamond in the rough" street rat who learns that his true worth lies deep within.

The story you know and love has been given the royal treatment! Aladdin and his three friends, Babkak, Omar, and Kassim, are down on their luck until Aladdin discovers a magic lamp and the Genie who has the power to grant three wishes. Wanting to earn the respect of the princess, Jasmine, Aladdin embarks on an adventure that will test his will and his moral character. With expanded characters, new songs, and more thrills, this new adaptation of the beloved story will open up "a whole new world" for your young performers!

Did You Know?

Staging a show at the Princess Theatre can be an expensive investment. In 2019, our Princess Theatre power bills came in at:

\$2944 for STRICTLY BALLROOM
(3-week season in March)

\$4120 for WE WILL ROCK YOU
(2-week season in August)

And while the August season was shorter, it was during Winter months when air-con/heating requirements are far greater.
